### Raymond Loewy Continues Work on 'Star of Good Will'

By AL LE ANCE  
Designer Raymond Loewy today announced that he is developing plans for creation of his "Star of Good Will," a non-military satellite designed to circle the earth as a spiritual symbol of hope and goodwill to all mankind. Loewy, interviewed at his Palm Springs home, said that his New York designing organization has joined forces with top satellite scientists to create the artificial star of international friendship.

THE FAMED, French-born industrial designer said that plans for this new concept in satellites will be off the drawing boards in about three weeks and will be offered to the "proper authorities" for further development. Loewy, prize-winning designer of locomotives, automobiles and coffee pots, first conceived his idea for a satellite of hope in Miami last October. He later detailed his concept in a New York Herald-Tribune editorial in December.

A SUBSEQUENT interview and story by United Press was read on the floor of Congress by Congressman Lyndon B. Johnson of Texas. Loewy prefaced his publicly announced plan by noting that Russia "clearly thinks of its satellite as a Russian, not mankind's

scientific achievement" and that Sputnik and Muttnik are "demonstrations of threatening authority."

HE FEELS THAT it is now up to the United States to launch into orbit around the world a satellite created for mankind in general that would serve as a constant reminder of spiritual values linking all nations together.

"In this Geophysical Year," he told The Desert Sun, "there should be overtones of spiritual values."

"It should be," he added with a smile, "a geo-spiritual year too."

LOEWY, NOW RANKED as one of America's foremost industrial designers, proposed that his satellite carry microfilm prints of the flags of every nation and a symbol of every known religion. It would have absolutely no military connotations, Loewy emphasized, but, because the expense of such an operation precludes private enterprise, it will be offered to the government.

"We will offer it to the public," Loewy said, "as a cooperative gesture—not something to be claimed by the United States alone."

"IF THEY WANT it, there it is," he added. If not, he shrugged. See STAR, Page 2A

## New Cold Wave Transforms Midwest Into Near-Siberia; Florida Hit Again

### Fluke Radio Signal Blamed In Atlas Blast

Missilemen Give Theory During Full Investigation

CAPE CANAVERAL, Fla. — A fluke radio signal—perhaps from hundreds of miles away—might have knocked the Air Force's Atlas intercontinental missile out of the sky Friday by telling it to do the wrong things, rocketmen said today.

IT IS JUST AS likely, the missilemen felt, that careful study of information sent back electronically by the missile may turn up some mechanical fault which caused the 100-ton Atlas to go into contortions which destroyed it. The full answer probably will not be known for days.

An Air Force announcement said only that the Atlas "destroyed itself shortly after completion of the powered phase of its flight." This indicated that the thundering engines which heaved the Atlas aloft in a cloud of flame and smoke performed normally.

BUT THERE HAD been a long delay in preparing the 5,500-mile range missile before it was finally launched at 12:36 p.m. p.s.t. Liquid oxygen had been put into the Atlas at mid-morning, but then was "dumped" during the hold-up.

Weather may have been partly responsible. But the Air Force has had trouble before keeping the radio frequencies clear on which the missile sends back the crucial information about its flight, and this was believed to be a problem Friday.

On one previous occasion, signals from a taxi driver's radio in a distant city had just the right "bounce" from the upper atmosphere to hit Cape Canaveral on the critical frequency and held up operations for hours.

### School Teacher Finds Soviet Officers 'Cute'

BERLIN — A pretty American school teacher, who was held by the Russians for five hours after driving off the authorized highway to Berlin, said today her captors were "cute" and "as nice as they could be."

Miss Phyllis Lemiesz, 26, Ripon, Wis., was taken into custody Friday by Soviet guards after she wandered off the highway on her way to Berlin from West Germany.

Miss Lemiesz said that on her arrival in Berlin headquarters, she was taken into a room where M. J. Hillenbrand, American political adviser, was conferring with Russian officers.

"They were cute officers," she said. "They were good looking."

### NEXT BLOOD BANK VISIT HERE SET FOR MONDAY, FEB. 17

Next visit of the Riverside-San Bernardino two-county Blood Bank at Desert Hospital will be from 11 a. m. to 1 p. m. Monday, Feb. 17, Hospital Administrator Robert Henwood announced today.

Advance warning of the visit is being given to aid villagers in arranging their time schedules, so that they can be among the donors. Reservations for donating blood may be made by calling the hospital, FA 4-1417. Regular quota for the visit is 25 pints of blood.

### French Bomb Border Town In Tunisia

First Reports List 100 Killed In Hour's Attack

TUNIS, Tunisia — French planes bombed a Tunisian frontier village for nearly one hour today. Unofficial reports said more than 100 persons were killed.

French officials in Algiers confirmed the attack. They gave no estimate of casualties.

THE FRENCH officials said the raid was carried out by 25 planes, including six U. S.-built B26 bombers, six U. S. F4U fighter-bombers, and eight French Mistral jet fighters.

The attack was made on the village of Sakiet Sidi Youssef which lies on the border between Tunisia and Algeria. It was in this area that a rebel Algerian band ambushed a French unit last month, killing 15 soldiers and kidnapping four.

RELATIONS BETWEEN France and Tunisia reached the near breaking point in the wake of that attack. France protested to Tunisia claiming the captured soldiers were taken across the border by the rebels. The Tunisian government rejected the protest.

The French have accused the Tunisians of lending material aid as well as moral support to the Algerian nationalist rebels. It has claimed the right of "hot pursuit" in crossing the frontier into Tunisia after marauders.

### House Committee May Conduct Secret Session

WASHINGTON — House investigators today debated whether to question Federal Communications Commissioner Richard A. Mack in secret because of the seriousness of charges involving his official conduct.

Chairman Morgan M. Moulder (D-Mo.) of a House commerce subcommittee did not disclose the nature of the charges. But he said they were "more serious" than those brought by the subcommittee against FCC Chairman John C. Doerfer and three other FCC commissioners.

Moulder disclosed that the subcommittee was looking among other things into Mack's role in a controversial decision on Miami's television Channel 10. The FCC awarded the channel to National Airlines. Several other groups had sought the same license.

### Open House Set Tuesday at School

Two new all-steel classrooms will be unveiled to the public at a Cathedral City School open house Tuesday.

School administrators and officials from various parts of California and Arizona are expected to be on hand to inspect the revolutionary, pre-fabricated structures.

Originally scheduled for 90 days of construction work, the classrooms were completed in a record 37 days, according to Schools Supt. Wallace Muelder.

THE TWO-CLASSROOM Cathedral City School wing employs the same type of materials to be used in two five-room wings now being readied for construction at the high school.

Also planning to attend the open house are representatives of several steel companies.

FATALLY INJURED when he was struck by an auto as he walked across the highway near the intersection of east and south Palm Canyon Drive last night, Henry Huyer, about 75, of San Francisco, is placed on a stretcher by ambulance attendants.

### First Traffic Fatality Of 1958 Recorded Here

The city's first traffic fatality of 1958 was registered last night when an elderly man was struck by an auto as he walked across the highway intersection of East and South Palm Canyon Drives.

Police said that the pedestrian, identified as Henry Huyer, about 75, of San Francisco, died at Desert Hospital shortly after the accident occurred, at about 7:30 p. m.

THE DRIVER OF the car was identified as Richard Grant Levin, 31, of 1000 East Palm Canyon Drive.

Levin told officers he was driving east on Palm Canyon Drive negotiating the turn at the junction, when his auto struck Huyer. He said he failed to see the man until it was too late to turn.

INVESTIGATING OFFICER William Madsen substantiated Levin's statement that the victim was wearing dark clothes and difficult to spot in the dimly-lit roadway.

### WAL to Start DC-6B's March 1

Western Airlines announced today the start of DC-6B's on all four flights in and out of Palm Springs from Los Angeles.

The air lines now uses three Convairs and one DC-6, but the new planes will be started on the airline's regular runs starting March 1.

### FIVE DESERT AREA RESIDENTS NAMED TO GRAND JURY DUTY

Five desert area residents were today named as members of the 1958 County Grand Jury panel following final drawing of names for the 19-member panel in Riverside County yesterday.

Huyer was walking across the drive from Via Entrada when he was hit by the car. Police said the impact hurled him 48 feet. Levin said he was driving at about 30 miles an hour when the accident occurred.

Huyer, who had arrived in the city yesterday afternoon, was visiting at the trailer home of his sister-in-law, at 1862 South Palm Canyon Drive.

Police said a coroner's inquest will be held "as soon as possible."

### Ike Nurses Sore Throat Today

WASHINGTON — President Eisenhower nursed a stubborn sore throat today and hoped his duties would soon permit another trip to Georgia.

The President had no scheduled appointments today. Friday he had a full morning schedule but no appointments in the afternoon.

### CC Church Starts Fund Campaign

CATHEDRAL CITY — an area-wide campaign to raise funds for construction of a new Cathedral City Community Church gets underway here Feb. 10, drive director George Bedell announced today.

The campaign, scheduled to run through Feb. 16, is designed to complete the fund for construction of a new church building on a 2.26 acre site donated to the church by Mrs. M. G. Goodall.

THE SITE IS located on the hill above Sharpless Drive, south of Terrace Road and Chuparosa Lane. The building program calls for selection of an architect and development of plans as soon as the fund campaign is successfully completed, Bedell said.

Tentative plans provide for progressive building of church units as funds become available. The chapel and fellowship hall and the first unit of the church school building are initial projects.

Freezing Marks Plague Major Part of Nation

By UNITED PRESS  
A widespread cold wave that transformed the Midwest into a near-Siberia clung oppressively to the major part of the nation today.

Sub-zero weather was common throughout the northern Plains and the upper Mississippi Valley and the U. S. Weather Bureau said 25-below zero temperatures could be expected in Minnesota and the Dakotas.

WITH THE MERCURY still dropping, International Falls, Minn., reported 20 below late Friday, and other below-zero temperatures in the teens were frequent through the Midwest.

Temperature drops up to 30 degrees occurred at some spots east of the Mississippi in a 24-hour period, and below freezing temperatures extended as far south as Texas and Louisiana.

FREEZING temperatures, high winds, rain and hail swept down Florida Friday, and the state chamber of commerce has called on Agriculture Secretary Ezra Taft Benson to take emergency steps to help the cattle industry whose herds are threatened with starvation.

The cold front ran through Dixie and forecasters warned Florida farmers, already devastated by three cold waves this winter, that a hard freeze was expected in the northern two-thirds of the state.

AT LEAST 13 DEATHS were attributed to the mass of Arctic air which forged over the Canadian border into the midlands Friday. A United Press count showed exposure deaths in South Dakota, Wisconsin and Tennessee, and eight weather-caused deaths in Texas. Four of the Texas deaths occurred on icy roads, the other four in a fire caused when kerosene was thrown into a wood stove to ward off the cold.

Two children also were killed near Gardiner, Maine, in a space-heater blaze.

A SANTA FE TRAIN was derailed near Canadian, Texas, when the sudden cold wave caused a rail to snap.

There was also one or two inches of snow along the southern shores of Lake Ontario, and light flurries in the northern Rockies.

# National Crime Prevention Week to Be Observed Here

Eleventh annual observance of National Crime Prevention Week will be started Sunday in Palm Springs, under the sponsorship of the Exchange Club of Palm Springs, and will run until Feb. 15.

Opening day of the seven-day observance has been designated as Go-to-Church Sunday. In an appeal for record church attendance on that day, Crime Prevention Week Chairman Edgar Barry of the local Exchange Club emphasizes the importance of regular church attendance as a deterrent to crime and juvenile delinquency.

"This method (Observance of National Crime Prevention Week) of arousing this particular men- ace to society is very timely and citizens can stop and think of the few safeguards which will take the attraction of crime away from the potential criminal," Ket- mann said.

**SLOGAN FOR CRIME** Prevention Week this year is "Strike Crime Before It Strikes You."

In appealing to everyone to go to church next Sunday, Barry said "The church, along with the home and school, are three major bul- warks against the encroachments of crime in our society. Our na- tion's stand against the criminal element is greatly dependent on the combined strength of all three."

**CHIEF OF POLICE** August G. Kettmann said today that the ob- servance of Crime Prevention Week is very timely and pointed out that figures have just been released that show that although the population has grown by 11 percent, crime has shot upward some 44 percent.

ged, indicating it would probably go no further.

Loewy said his plan has "cap- tured the imagination" of the people. He said he won enthusiastic support of such individuals as Adlai Stevenson, who heard the idea in a conversation held three weeks ago.

"Our plans are progressing very fast now," he noted.

**A KEY FACTOR** in the "Star of Goodwill" project is "one of our best known satellite sci- entists," whom Loewy preferred to keep anonymous.

He also declined to reveal de- tails of his satellite design, indi- cating that it is, at present, a "secret development," but will be made known when it is com- pleted and ready for construction.

"It could be launched very in- expensively, compared to military satellites," Loewy asserted, "be- cause it has no intricate instru- ments."

"I believe this star of hope will do a lot of good as a gesture," Loewy reflected. "An American gesture."

# PALM SPRINGS COMMUNITY TV

## ANNOUNCES PROGRESS REPORT NEW INSTALLATION CHARGES

Late in the afternoon of November 4, 1952, several hundred people gathered in Palm Springs to greet the arrival of the first TV signal.

Sixteen miles away atop a 2,400 foot mountain, engineers were working feverishly...a field telephone had been hooked up between the engineers on the mountain and a small cluster of engineers working at the point of reception.

At approximately 6:00 p.m., the signal was given indicating everything was in readiness. A switch was thrown...and, at last, TV had arrived in Palm Springs.

Now, more than five years later, the Palm Springs Community TV system has made approximately 2,800 installations—and is providing SIX CHANNEL TELEVISION SERVICE AROUND THE CLOCK. Furthermore, PSCTV offers, at no extra charge, continuous static-free FM music from 7 LOS ANGELES FM STATIONS!

In its five years of service, the Palm Springs Community TV company has become one of the economic bulwarks of this rapidly growing city...with an annual payroll of approximately \$100,000...an annual tax payment to the City of Palm Springs of \$6,000...and a power bill which, in 1957 alone, amounted to \$18,000.

PSCTV's investment in over 140 miles of coaxial cable girdling Palm Springs runs into hundreds of thousands of dollars, with additional thousands to be invested in expansion of the system to every home—in every section—of the community.

Growth of the Palm Springs Community TV system during the past two years has been exceptional—reflecting the community's great satisfaction with the reliability and *around-the-clock* television service available on PSCTV's wired system. Of the approximately 2,800 installations as of January 31, 1958, over 35% were made in the past two years—and of this number 400 were ordered since September, 1957!

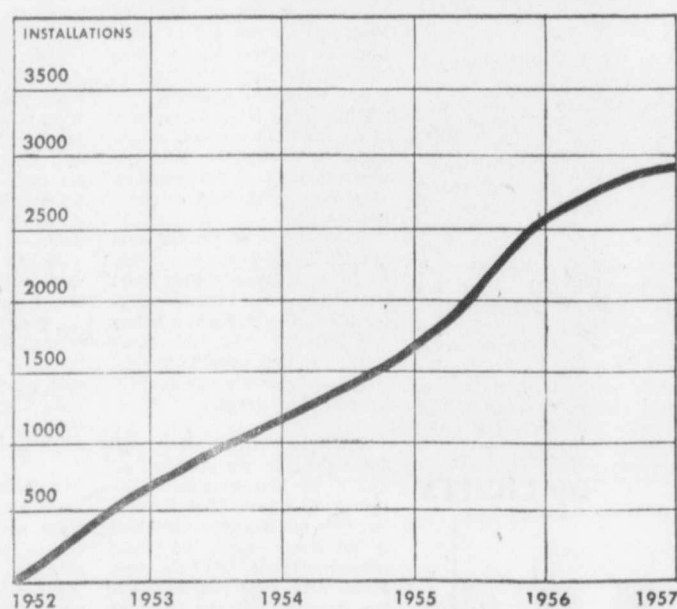

Today subscribers to the wire system enjoy a wide choice of programs from SIX TELEVISION STATIONS, as well as added enjoyment of continuous music from SEVEN FM STATIONS fed through the PSCTV system. ONLY THROUGH PALM SPRINGS COMMUNITY TV can a television set owner in Palm Springs receive ALL TV network programs—NBC, ABC, CBS—as well as three independent stations KTLA, KHJ-TV and KTTV, assuring *uninterrupted television entertainment from dawn to the small hours of the morning*—seven days a week! A recent study indicated subscribers to PSCTV receive 2,686 hours of television a month!

\* Beginning today...connection costs for new subscribers will be \$35.00—instead of \$150, as in the past. The vast savings possible are the result of continuous growth and expansion of the wire system. Palm Springs Community TV will continue to enlarge the scope of its operations until it encompasses every home in the community.

PSCTV extends its thanks to the people of Palm Springs for the confidence they have shown in the wire system and deeply appreciates the support it has received in making the Palm Springs Community Television System the best...and most reliable...in the West.

\*Subject to City Council Approval

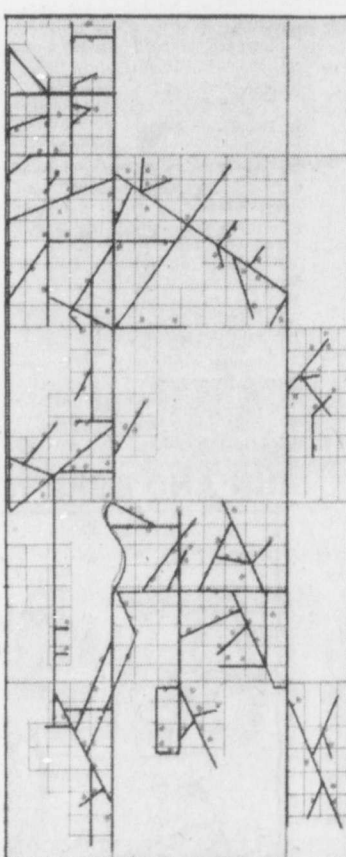

### GROWTH OF PSCTV SYSTEM

Since its inception the Palm Springs Community TV System has shown steady growth. From a relatively few subscribers wired as of January 1, 1953, the system has increased to\* approximately 2,800 installations—serving Palm Springs with superior SIX CHANNEL TV service.

\*As of January, 1958

### COVERAGE OF THE CITY

Palm Springs today is girdled by over 140 miles of coaxial cable, bringing within reach of 90% of its homes SIX CHANNEL television and static-free FM music. Pictured here is a view of the desert community showing areas wired for television service by PSCTV. If your home is in an area presently not included in the wired system, visit the PSCTV office and find out how soon service may be obtained.

## 'For Sale' Signs Can Harm Our Most Important Product

In proportion to population, no city in California enjoys such a broad and active real estate market as does Palm Springs and the nearby desert region.

In a land where sunshine, scenery and an almost perfect outdoor climate attract countless visitors and potential new residents daily, real estate literally becomes "our most important product."

With such concentrated activity and volume, and with so many homes and properties of other types being offered on the market it is but natural that some problems of sales policy occasionally arise, as is the case in any other business.

One of these which is causing particular concern at this time, from a standpoint of property values and community appearance, is the growing tendency of individual home owners to place "For Sale" signs on their residences.

Newcomers do not readily understand why it seems that so many homes are for sale. They are not at first aware that hundreds of new homes are built here each year. Neither do they know that a large percentage of homes are being offered for sale because the owner already "has his eye" on another home he wishes to buy.

Real estate is such an exciting business that almost everyone who has lived here any length of time has sold and bought homes several times. A newcomer also could hardly comprehend that real estate is such a big volume business locally that what might seem to be a "large" number of homes for sale in some "slower" community is comparatively a normal supply for the much greater buyers' market in Palm

Spring.

It was because of these and other sound reasons that the Palm Springs Realty Board some years ago adopted a policy eliminating the use of "For Sale" signs by its members. The city ordinance against such signs was adopted with the same view in mind.

With almost 300 licensed salesmen and real estate brokers engaged in listing, advertising and selling Palm Springs properties, plus the multiple listing service, there can be no question that it is to the advantage of either the buyer or seller to avail themselves of the services of these regularly established offices. They are experienced and expert in all phases of handling property.

It certainly is not necessary for anyone in Palm Springs to list a "For Sale" sign on a house in order to sell it. Experience shows that in this locality such a sign depreciates the attractiveness and value of that and neighboring properties. Also, that even a sprinkling of "For Sale" signs reacts as a deterrent rather than an inducement to buyers. It is a proven fact that a house with a "For Sale" sign on it is the most difficult to sell because prospective buyers quickly get the impression that there must be a reason why no one has "wanted" to buy it.

Action of the Palm Springs Real Estate Board in appointing a 50 man committee to canvass the city, and call on all home owners displaying "For Sale" signs to explain the many undesirable features to them, is both constructive and commendable.

It is to be hoped that the campaign proves highly effective.

## Our Schools, Our Science, Our Security

It is unfortunate that we waited for a Sputnik to arouse us from lethargy. It is more unfortunate that enough political leaders did not have the courage to take bold measures before — not after — Russian science exposed our weakness.

For it was not until the launching of the Soviet satellites that any major proposals were forthcoming from either political party to appropriate the funds necessary for missile research and development.

Now it's all "crash" programs, hysteria and name calling. Now everybody is rushing to get in the act with colossal grandiose plans to put the U. S. on the moon first.

A YEAR AGO CONGRESS argued for months about an expenditure of 80 million dollars for missile development, but in less than a week recently passed a billion dollar program for the same thing, unanimously.

Washington knew more than a year ago that Russia had tested satellites and missiles.

WE HAVE KNOWN for years — under both Democrat and Republican administrations — that science was slipping in the U. S. through indifference, lack of recognition and incentives, while in Russia it was growing because of recognition and incentives.

Few citizens, educators, business men bothered to expose this deficiency. And few columnists and commentators had what it takes to buck the trend of national indifference.

IN OTHER WORDS, leadership in this entire nation was bogged down. Now we are feverishly reaching for the other extreme. Now we are running scared with hysteria and exaggerations far

out of proportion to Soviet gains. We believe this to be equally dangerous.

Prominent educators tell us now that in recent years there were less than 15 high school students signing up for math or physics. Third-year math and physics courses in a California high school of a thousand students average about 12 students. Fourth-year math and physics averaged about five, and often not enough to even hold a class.

THESE STUDENTS were allowed by the school counselors to take easy elective courses with a minimum of hard core subjects. Parents were equally to blame for permitting immature teenagers the freedom of choice of their curriculum.

The result was a mediocre education and superior "club" activities around the campus. Millions of dollars in school bond issues were voted by the public and a large percentage of the funds in some instances would go into stadiums, field houses, basketball courts and swimming pools.

SOME SCHOOLS operate stages, lighting and gadgets that not even professional theaters have. Auditoriums, seating apparatus in many cases are too luxurious and expensive. Smoking rooms, lounges, super cafeterias, home economic departments, frills and gadgets beyond the imagination of retired educators and old grads.

This is what this reporter hears from school trustees who compare facilities and who can speak without pressure from the top.

Parents, educators and students are all responsible for the deplorable decline in the teaching of basic subjects. Now Sputnik has caused us to reverse the process to the other extreme and make everybody a scientist.

THE DRAMATICS we see displayed by politicians are nauseating. American security cannot be placed on a production — line of crash programs, or on the banner counter of political expediency.

Security is found where it always has been. In courage to admit our joint mistakes, get on with the business of filling the gaps, and stop permitting the Russians to choose the time and place to challenge us.

Power is always in the hands of the man who leads, not the man who is led by the nose. We are still the undisputed leader of the world in economic power, know-how, all — around military power and faith in the principles of freedom. Let's act like it.

— John Morley.

## How Do You Make Hay in a Snowstorm?

## THIS SIDE of The Sun

By Phat

With people it's the hang-over that gives them such a pang. But autos have their troubles, too. With them it's over-hang.

Read a news item the other day in which the head of a national parking lot association or some such group sounded an appeal to automobile makers to reduce the size of American automobiles.

SEEMS THAT the present trend is costing the parking lot owners plenty of money. And when anybody gets a pain in the wallet, they are going to look for a remedy.

Anyway, this man said that with the automobiles getting longer and wider and the tail-fins higher, they are getting almost 40 per cent less than they used to.

That's because they can only park 60 per cent of the cars they could before the growing pains took over.

STATISTICS compiled by engineers show that from 1947 to 1957, automobiles grew 18.2 inches longer and 6.2 inches wider. That's in eight of the most popular makes.

The 1957 average was 17 feet, 7.7 inches long and six feet, 5.6 inches wide.

In the past 31 years, the study showed, cars have grown six feet longer on the average.

In recent years the wheelbase has remained almost constant, meaning that most of the added length is in the front and rear over-hang.

BUT, LIKE PEOPLE always say, it's an ill wind that blows no good.

While the longer cars are costing parking lot owners cash, they are making money for the carpenters and the odd-jobs men and garage door-installers.

In addition to old garages being torn down and larger ones built, many drivers are having a "dog-house" built at the back of their smaller garage into which the nose of the car fits, or adding to the front and putting on new doors to take care of the hind-end overhang.

THEN THERE are the traffic officers and city officials who add to the tale of woe.

The bigger, longer, wider, higher autos are creating new traffic congestion problems as well as parking grief.

One of the busiest men I've seen in recent weeks was a harassed parking lot attendant in a local bank and grocery store parking area trying to keep order.

He just couldn't see over some of the tall fins.

COMPLICATING things, a truck came in to unload its wares, effectively blocking one exit.

That poor attendant, gesticulating and trying to tell the outgoing drivers how to turn their wheels to back out, had himself a busy time.

I wouldn't have blamed him if he had just thrown up his hands in disgust and let the fenders fall where they list.

And while on the subject, how about special lanes for right-turners into crowded lots? Then they wouldn't hold up traffic two blocks back and we'd have less horn music.

## STAN DELAPLANE'S Postcard

The road from Vera Cruz to Mexico City is the historic invasion route.

"In compliance with our requisition, 50 of the principal Tononacan warriors attended us and also 200 men to draw our guns. And thus we set out from Cempoal in the month of August 1519, our army in good order and patrols of cavalry and light infantry in front. Our first day's march was to a town named Jalapa."

So begins the great eye-witness account of the Conquest by the soldier Bernal Diaz del Castillo.

THE SUN AND warm weather have come back to Mexico. It was a spring day at Jalapa, a two-hour drive from Vera Cruz but already more than 4,000 feet above sea level. Across the staggering peaks and barrancas, you could see the great snowy peak of Orizaba in the blue Mexican sky.

The new road follows, intersects and cuts around the old cobbled, guttered road the Spaniards used for three centuries. It is loaded with history.

AT CERRO GORDO on April 12, 1847, Scott's Regulars drove off the Mexican lancers of Santa Anna.

Off the road above Jalapa is the town of Venta de Lencero, a spire of church tower rising above the village. Diaz remembers a fellow soldier of the Conquest:

"Lencero, a good soldier, had an inn on the road to Vera Cruz, turned friar."

At 8,000 feet, I stopped for gas at Perote where they sell a sugary candy. Across the town is the squat stone fortress of San Carlos de Perote. Several hundred Texan prisoners spent a miserable two years in the cells.

WHEN IT SURRENDERED to Scott's advance elements, the Mexican commander took a receipt from a Captain of Engineers, Robert E. Lee.

Somewhere beyond here in the Tlascalcan mountains, the Spanish conquistadors grew faint — hearted. Four snow-capped volcanoes are in sight and the pine hills

jump straight up from the sandy plains covered with spiked blue-green maguay plants.

A number of them wanted to return to Vera Cruz. Said Cortez:

"IT IS BETTER instead of reaping to look forward and leave all to be guided by the hand of God."

"As to our return it is true the natives we have left behind are now friendly. But if we seemed to retreat, the very stones would rise against us."

"Therefore, gentlemen, thus it is: had there, worse elsewhere. Better stay as you are, here in a plentiful country, and as to what you say of losses, deaths and fatigues, such is the fortune of war, and we did not come here in search of pastimes and amusements."

THE MEXICAN highlands are majestic in the sunlight. One of Scott's officers wrote home: "The soldiers marched often in silence, awed by the grandeur of their surroundings."

The roads were full of buses. Bus travel is cheap and plentiful in Mexico now. Some 20 years ago, the Indians seldom got more than 10 miles from their villages. Now they pack into the buses and go booming down the highways.

The bicycle is also making inroads on Mexico. You can't ride a bicycle on village cobbles. But you can walk it to the highway and take off.

AND ON A WARM afternoon, I drove over the pass into the Valley of Mexico. Flat, filled with traffic, every plaza full of business and music. Once it held two great lakes around the Aztec city. But now it is drained, salt-edges. The winds blow dust clouds. It must have been magnificent when Bernal Diaz topped the pass and remembered in his journal:

"When I beheld the scenes that were around me, I thought within myself that this was the garden of the world. But all is destroyed and that which was a lake is now a tract of field of Indian corn and so altered that the natives themselves would hardly know it."

## EARL WILSON:

## Guest in the House

NEW YORK—"The Party for Groucho Marx" that my Beautiful Wife gave at our house recently will always be remembered as the spire at which each guest was insulted at least once by the guest of honor.

"Groucho, say hello to —," the B.W. said very early in the evening, pulling forward a timid guest.

"I refuse to say hello to anybody else all evening! In fact, I'm going home," announced Groucho who, having said this, shook hands with the guest and decided to insult the hostess. "You're wearing your dresses very low this season — is there some kind of material shortage?"

We had pleaded with Groucho for three years to give him a party and he had said in effect that he wouldn't go to any party that would have him as a guest of honor. Later he had agreed to come to our party providing we didn't come.

And now such friends of his as Steve Allen, Sid Caesar, Billy Rose, Ben Hecht, Toots Shor, Goodman Ace, and John Mason Brown, were present, and Groucho was needing me good-naturedly about why I hadn't produced Susan Strasberg.

"I phoned Susan and got her secretary," I apologized.

"So why didn't you invite her secretary?" he demanded.

A foot away he heard somebody introducing "The Easy Aces." Quickly he said, "Whatever happened to our act—the Easy Marxes?" I stepped up to introduce Fred Danzig, a newsman. "Danzig With Tears in My Eyes, eh?" cracked Groucho.

Groucho had arrived wearing a vest. The apartment had become warm.

"Go vest, young man, go vest," he said, taking it off and handing it to a maid whom he kept introducing to everybody as my mother.

Seeing Mrs. Arthur Murray arrive, he hopped up and began dancing with her—without music. "What's your husband got that I haven't got?" he asked, doing a bump.

Occasionally he would squat down in a chair facing the door and wait for the next arrival. He got to talking to Samuel Goldwyn. "Every time I see Sam," he recounted, "he doesn't even say hello to me; he says, 'How's Harpo? I like your brother Harpo. How is he?' The bum doesn't even bother to ask how I am."

He had flashes of seriousness when he blasted the high income tax, the uncleanness of New York, the TV commercials. He even picked out a TV columnist who'd used the word "immodest" in describing him and attacked the columnist face-to-face.

"I'm not immodest," he said. "I said I'm good, but that's not immodest — that's just telling the truth."

Suddenly Groucho was on his feet at the piano, singing, with Composer Arthur Schwartz as his accompanist. Steve Allen and Sid Caesar were watching the maestro, in admiration.

"Well," he later said, "why don't you people all go, so we can have some dinner?"

But as only a couple of guests were left by then, it was O.K. We all went to Maude Chee Elie for dinner—Groucho, his pretty wife Eden, and her sister Mrs. Howard Hawkes. As we sat there Mrs. Marx commented to me:

"Your son Sluggo looks a great deal like you."

"On the other hand," said Groucho, "I thought he was rather nice looking!"

THE WEEK-END WINDUP ...

Jerry Lewis, now in Las Vegas, pays \$87.50 for haircuts—\$50 to his favorite barber, plus his \$37.50 air fare from L.A. ... Silvana Mangano's nude dance scenes'll be chopped from "Barrage Against the Pacific" for U.S. audiences ... Aristotle Onassis cabled a N.Y. restaurant for his favorite recipe, got it back in a \$50 telegram ... "West Side Story" paid off its backers, and gave the cast a pay boost ... One of the local film companies fired so many people that an exec moaned, "Look at those empty desks—it looks like another flu epidemic!"

... That's earl, brother.

## Ciro's Next for Desilu?

HOLLYWOOD — Bruce Bennett bowed out so Betty Davis's husband, Gary Mitchell, is playing the part of Betty Davis's husband in her new teleplay ... Lucille Ball and Desi Arnaz may buy Ciro's, the Hollywood nightclub that closed recently, for their TV headquarters — if the price is right.

Who'll have static in the attic if Red Buttons grabs the best-supporting-actor-of-the-year Oscar for "Sayonara" and accepts it on the Academy's TV show March 26-TV being the entertainment medium that made Red a has-been?

FOUR STAR THEATRE'S budget for its six teleseries for the next nine months, figured at a cost of \$40,000 per show, breaks down (or perhaps I should say UP!) to \$7,500,000. ... Next big Four Star to roll will be Jane Russell's, starting May 1. Jane will play the part of a singer in a San Francisco nightclub.

Keith Andes is up for the role of Jeanne Crain's co-star in her series, "Guestward Ho," in which they'll play the operators, of a dude ranch "way out here in the west."

Reminds me of the tall tale of the tall, rich Texan who checked in at a Beverly Hills hotel followed by three bellhops carrying his skis, a sled and a toboggan. Manager: "Sir, there is no snow in Hollywood!" Texan: "Sure, I know it's outside with the rest of my luggage."

ALEX GOTTLIEB who produces the Gale Storm Show as well as the new Anne Jeffreys—Bob Sterling Love That Jill series, tells me Westerns will slowly but surely wear out their sponsor welcome. Why? Because, avows Alex, they just don't sell the sponsors' products the way the situation comedies do. Says he: "Situation comedy shows always win a strong product identification with viewers—but who can name the products advertised by the Westerns?" I tried to think of one but couldn't. Could be this is a Smart Alex.

Telephone Time got the sponsor disconnect signal so the series will wind its two-year ABC-TV run April 4. ... Too Young to Go Steady, a live teleseries starring Don Ameche, looks likely to replace The Eve Arden Show, which hits the CBS-TV dust March 28.

M-G-M's MOVIE version, co-starring Yul Brynner and Maria Schell, isn't set for release till spring so the CBS-TV version of "The Brothers Karamazov" (titled "Aloysha and the Agnostic") beat the M-G-Moguls "to the punch by a country mile."

If you thought Walt Disney pays his Mouseketeers off in cheese, you've been roo-tin', around in the wrong rat hole. Six of the kids, aged 10 to 16,

showed up at a Hollywood party wearing mink slashes.

BRIGHTEST FLASH of the Year: Red, Skelton, back in his bouncy brogans again after his near-fatal asthma attack ... Gene Autry and the State Department are cooking up a glorified rodeo show. Autry will produce and stage it at the Brussels Fair this spring to help offset the Khrushchev - Bulganin propaganda blasts.

CBS-Radio, whose Gunsmoke series was the Big Gun that started all the Western shooting currently roo-tin' on TV, is sharpening its sights for two more cowboy capers. Both net shows, both slated to be slotted for Sunday viewing.

GEORGE MONTGOMERY, Dinah Shore Montgomery's favorite boots-&-saddle star, will headline ABC-TV's new Cimarron series, shooting having already started ... Soon as Ed Wynn winds his guesting on Miss Dinah's Feb. 16 Chevy Show, he'll start work on the pilot of his own series, "My Old Man, Ed and Ben Finer will produce it in association with Screen Gems."

NBC-TV is nudging Jimmy Durante to star in a weekly half-hour teleseries starting this fall ... Both NBC and CBS are dickering Talent Associates, Inc., for the latter's brace of a big-budgeted series, "Gift of the Magi and 'Little Women,' one for October beaming, the other for late November.

IT WAS TAKING too many hours of his day so George Liberace scrambled his post as entertainment director of the Sands Hotel in Las Vegas in order to have more time for his new Hollywood personal management agency for other stars ... Ho hum—another series, another Western: NBC's new one, Jefferson Drum, blasts off April 24 with Jeff Richards in the saddle.

Art Linkletter, who knows when it's time to take five and TAKES it, took off on a two-week Caribbean cruise ... Jackie Cooper zoomed to stardom via an M-G-Movie called "Skipper" back in 1930. Jackie is now planning a telefilm based on the same comic strip character.

LARRY FINLEY, a Hollywood disc jockey, is doing pretty well with a strange new gimmick for daytime TV viewers. His show has a curious title, "Radio-Vision."

It's mostly for housewives who like to listen to disc jockey shows, except that it's on TV, not radio.

Here's the gimmick: Finley concentrates mostly on playing records, just sitting there while the platters spin, with the camera full on him and the machine. Only occasionally does he have guest stars,

The Tramview Ladies Shuffleboard team had the Rancho Ladies visit last week. The home team won.

## Rancho Park

The Sunday guests of Dr. and Mrs. Thomas L. Martin were Mr. and Mrs. Prescott Eamas of Grand Valley, Colo. Mr. Eamas is a grower of sweet cherries and as Dr. Martin has for many years been a professor in the Brigham Young University of Provo, Utah and head of the soils department; Dr. Eamas states he owes much to Dr. Martin for his sound advice regarding correct soil management.

Many other guests have visited here in Rancho lately.

MR. AND MRS. REX Andres had as visitors over the weekend, Mr. and Mrs. R. Jones of Sherman Oaks, Calif. Mr. Jones is the lighting director for Family Films. Mr. and Mrs. Tom Gow had their nephew and family, Mr. and Mrs. R. Arkle and two children from West Covina over Sunday. Mr. and Mrs. John Wilson had their daughter and son-in-law, Mr. and Mrs. Hemingway and grandchildren visiting over Sunday, as well as Mr. and Mrs. F. J. Remillard of Attleboro, Mass. Mr. and Mrs. I. H. Dixon of San Bruno, stayed at Rancho for a few days on their trip South.

Mr. and Mrs. R. E. O'Brien from Alameda, have moved to Rancho for the balance of the season. Mr. and Mrs. Ros Irwin of Seattle, and Mr. and Mrs. Elmer Brown also of Seattle, both are new arrivals.

Mr. and Mrs. J. Moore are busy getting settled in their new 37 foot mobile home they purchased recently.

Among the visitors to the Los Angeles Grailers Show this week were Mr. and Mrs. Tom Gow, Mr. and Mrs. Thornhill and Mr. and Mrs. H. Rogers.

ON SUNDAY SOME interesting pictures were shown by Mr. and Mrs. Earl Stewart of Sahara Park. On Wednesday, Austin Snyder showed pictures of Kowloon and Hong Kong.

Hostesses for the Ladies' weekly card party last week were Ruth Folta, Marguerite Lutz, Ruth Glenn and Mildred Maddox.

On Saturday the Rancho Women's Shuffleboard team played the Tramview Women's Team on their courts. Tramview won the tournament by four games to one. Players on the Rancho Team were Nellie Wilson, Josephine Parmele, Myrtle Mathis Alice Anderson, Pearl Gromer, Harriet Bunts, Kitty Moore, Nettie Gow, Ruth Parker and Verna Whiteside.

AUSTIN SNYDER is managing the newly organized Rancho Women's team and is generating new interest and enthusiasm for the game. George Warfel, manager of the Tramview team, reported added interest among various parks for the inter-park shuffleboard competition between the women's teams.

Entries are now being taken on play for the Gardner and Conway Cups. The Gardner cup, donated by Gardner's Grocery, is for Ladies only and a schedule will be run with the best two out of three games being played each week. The Conway Trophy is for men only and the same method of play will determine the winner.

## Sahara Park

Many will agree that nowhere in the world can so many have so much fun as when a group of residents from one of the parks get together for an outing. About 40 residents of Sahara chartered a Greyhound bus recently for a trip to Santa Anita to try their luck. Profitable or not, it was an enjoyable day for all. On their return trip, they then stopped the bus for dinner in Beaumont.

The January social activities were climaxed with the Sahara Dinner, with Midge Miller, chairman, and her committee as hostesses. After the dinner, bridge and canasta were enjoyed by several tables.

THE LADIES COMMITTEE for February, with Mrs. Gladys May as chairman and Mrs. Flossie Totten as co-chairman, has met and made plans for the month. One of the highlights of the month was the "Space Sale" held Wednesday, when tickets were sold for the individuals and thus made space in their trailers for something else.

The hostesses for the Monday afternoon card party were Flossie Totten and Edna McGee. About 60 ladies enjoyed the luncheon and the afternoon of cards.

THE PALM SPRINGS Playhouse has been enjoyed again this season by a number of the Park residents. Recent playgoers were the Mike Millers, the Billy Mays the Charles Strickfaden, the George Hairs, the E. G. Howards, Mrs. Blanche Anusen and others. Playhouse tickets are available in the office for anyone wishing to attend any of the performances.

Comings and goings in Sahara recently include Mrs. Dorcas Johnston who is enjoying a visit from her sister, Mrs. Mildred Kleinemeier from Fairbury, Neb. Mr. and Mrs. C. B. Kugler from Woodward, Iowa, visiting their son and wife, Mr. and Mrs. Harlie Kugler; and Dr. and Mrs. Alwood of Canton, Ohio, who are spending a few days with Dr. Prentice and Clair Anderson.

MRS. ELNORA COUCH entertained her granddaughter, Patti Kearn of Long Beach, and Virginia Nicolacos of Long Beach, also Corinne Tino and Karen Olson of Eugene, Ore. The girls stayed over the weekend and are all students at Stanford University. Gaylord Richmond, an instructor for 12 years at Yale University, and five years director at Los Angeles County Art Institute, will conduct courses in new mosaic technique, oil and water color painting and enameled jewelry at the Sahara Club house on Tuesdays from 10 to 12 a.m. Anyone interested is invited to join the class.

Rockets are being used to fight forest fires. The motor will propel an eight-gallon container of fire-extinguishing fluid for 400 yards.

SUPERVISOR GEORGE Berkey, right, discusses proposed future development of Highway 111 at the Realty breakfast at the Biltmore Hotel. With Palm Springs Mayor Jerry Sanborn, left, Berkey was featured speaker. (Desert Sun Photo)

## Berkey Tells Realty Board of Highway Needs

Principal speaker at the breakfast meeting of Palm Springs Real Estate Board was Supervisor George Berkey, who discussed the need for early development of highways and freeways in the Palm Springs to India areas.

Berkey stated that the present Highway 111 between Palm Springs and Cathedral City was both "dangerous and inadequate" and that a stalemate existed between the State Division of Highways and local agencies as to the development.

He pointed out that the Division of Highways had a tendency to view highway needs from an overall viewpoint and long-range usage. Highway 111 which runs both through the incorporated city of Palm Springs and the unincorporated county territory, is thus subject to differing viewpoints, bringing about controversy as to future needs and usage. Exact location of the new desert freeway must await the amicable settling of these divergent views, Berkey said. It is impossible to not have any trucks entering Palm Springs to service the merchants of the area, he also pointed out.

A record turnout of 74 realtors and guests attended the monthly breakfast.

## Junior Group Conducts Service For Shut-in Family

CATHEDRAL CITY — The Junior Department of the Cathedral City Community Church under the supervision of Mrs. James W. Arnold, James Gifford and George Rodman conducted a worship service for Mr. and Mrs. Herbert Weatherford of 38-119 Bel Air Drive.

The class was pleasantly surprised when the Weatherfords served refreshments following the service.

## Community TV Announces Reduction in Hook-Up

With 90 percent of Palm Springs homes now within range of the 140 miles of coaxial cable installed by Palm Springs Community TV, and with approximately 2,800 installations already completed in homes and public places, a reduction in installation charges is now possible, it was announced by Frank Allen, general manager of PSCTV.

AS A RESULT, Allen said, connection costs for new subscribers to the community TV antenna system are now \$35 instead of \$150 as heretofore. He said the savings is possible as a direct result of continuous growth and expansion of the wire system. Palm Springs Community TV began serving the desert community with television program service in November, 1952, and has expanded its service ever since.

"OUR SYSTEM'S growth during the past two years has been exceptional," Allen declared, "reflecting the community's great satisfaction with the reliability and around-the-clock television service available. Since September of last year, over 400 connections were made."

Allen further stated that the six TV channels available continuously to PSCTV subscribers, provides an estimated 2,686 hours of television programs monthly. In addition, PSCTV-subscribers have access to seven Los Angeles FM stations.

## Today's Sport Parade

By OSCAR FLALEY  
United Press Sports Writer

NEW YORK (AP)—Fearless Raley's facts and figures: Ron Delany, the Irish whippet from Villanova who should win the Wanamaker Mile at Madison Square Garden tonight, could break the 4:03.6 indoor mark almost at will but says he still is content merely to win.

"I may break the record sometime," he allows, "but you can be quite sure I won't announce beforehand that I'm going to try." Lanky Don Budge, the former number one tennis ace, has two sons—and neither likes tennis. Don admits resignedly that both are baseball bugs.

"I'D LIKE THEM to play tennis," he admits, "but I won't try to influence them. Still, if they asked me, I'd jump at the chance to teach them." ... imagine trying to fill the old man's shoes!

Coincidence: Jim Norris, who was ordered in federal court to disband his International Boxing Club monopoly, named "Octopus" ... another matter of tentacles.

The University of Utah football coaching staff is touted as one of the nation's youngest, with a four-man average of 29 ... but the quartet has 14 offspring among them.

Willie The Beard Gilzenberg, who once piloted Two-Ton Tony Galento, now is running rascally shows in Newark, N. J. Willie, who did a magnificent build-up job on the Newark nightstick, is using press agency right out of the Roaring 20's on his "athletes." Get a load of this recent paragraph:

"FOUR LEADING wrestling Russians will clash head-on in the tag team set. This long-awaited duel will pit destructive Jerry Graham and pummeling Roy Shires against the two tough, terrific tolozes, Canadian Greek gripsters." ... awesome, what?

Pro basketball observers don't expect Lennie Rosenbluth, the former North Carolina All-American now with the Philadelphia Warriors, to last long in pro basketball. They observe that he's only six feet, four and too fragile to mix it up in the pier six scrimmages.

All the actors aren't on Broadway. Jack Twyman of the Cincinnati Royals was decked recently firing a jump shot. A teammate said he knew Twyman was okay when he opened his eyes and asked: "Did the shot go in?"

"HE DIDN'T even get up," grinned Coach Bobby Wanzer, "until he was told he had two free throws coming."

Veteran golf pro Al Watrous tells the one about two women walking down the fairway and talking up a storm. Finally they came to the only ball in sight and both claimed ownership.

"It's mine," said one. "No," asserted the other, "it's mine. See, here are my initials on it."

The other felt in her pocket and then, her face lighting up, exclaimed:

"For goodness sake, here's mine. We were so busy talking I didn't even hit off the tee." ... yak-yak!

## Unknowns in Lead Today in Tucson Open

Top Stars Trail in Third Round of \$15,000 Tournament

TUCSON, Ariz. (AP)—Three guys the golfing public never heard of blazed out the stars of the touring golfing brigade today as the third round of the \$15,000 Tucson Open got under way.

Know these: Tony Lema, Napa, Calif.; Bill Johnston, Provo, Utah; who tied for first place; and Jim Riggins, Anderson, S. C., all by himself one stroke behind.

While such names as Doug Ford, Ken Venturi, Mike Souchak, Dutch Harrison and defending champion Dow Finsterwald played in comparative anonymity Friday, the crowds followed the par-busters who never have won a major tournament in their lives.

Johnston and Lema had 36-hole scores of 131; Riggins 132, nine and eight strokes under par, respectively.

Johnston probably is the best-known of the leaders. He went to the semi-finals in the national PGA championships in 1956.

Behind them came four men tied at 133: Manuel de la Torre, Milwaukee, Wis., 64-69, who never has won a major tourney either; Stan Leonard, the six-time PGA champion from Vancouver, B. C.; Lionel Hebert, U. S. PGA champ from Lafayette, La., 66-67; and Frank Stranahan, Toledo, Ohio.

## Lopes Tired of Fooling Around, Wants Title Shot

SYRACUSE, N. Y. (AP)—Sixth-ranked lightweight Joey Lopes, who Friday night brushed aside a substitute opponent, today aimed again toward a title fight.

"I'm through doodling, I'm 28 years old and I want to go after the title. Time," he half chuckled, "is a wastin'."

The Sacramento, Calif., fighter scored a unanimous decision Friday night against unranked Damaso Collazo of Havana, Cuba, in a nationally televised 10-rounder.

He was never in trouble after throwing up a defense against Collazo's wicked left hooks to the face and body. Both weighed 134½ pounds.

Paulo Rousi, the fifth-ranked lightweight, bowed out of the rematch with Lopes two days before the battle. Rousi suffered an injured right heel.

# Pros Believe Luck Plays Big Part in Golf Tourney

By HAL WOOD

United Press Sports Writer  
TUCSON, Ariz. (AP)—The rains came down and the touring golf pros were sitting around the locker room talking about the luck involved in winning a championship.

"You've got to be lucky to win in golf or any other game," said Jay Hebert, the only golfer in the world who plays for a baseball team. Jay represents the San Francisco Giants' minor league training spa at Sanford Fla.

"After Ken Venturi won the Phoenix Open last Sunday he came up to me and said 'I was the luckiest guy in the world,'" Jay said and then recalled an experience of his own.

"LAST YEAR at San Antonio, on the 16th hole, I had to play a shot that I could play every day for the rest of my life and never

## Trojans Defeat Bears to Boost Bruins to Lead

By GENE BRYANT

United Press Sports Writer  
The UCLA Bruins were all alone at the top of the Pacific Coast Conference basketball standings today but they could thank cross-town rival Southern California for the honor.

The Bruins gained sole possession of the top spot Friday night after the Trojans dropped California, 58-48, in the second half of a twin bill at Pan-Pacific Auditorium in Los Angeles. The Bruins defeated a hard-fighting Washington State quintet, 72-64, in the opener of the doubleheader.

The Bears had shared first place with UCLA prior to their loss to the Trojans but the PCC race may well be thrown into further disorder tonight when the two clash in the second contest of another double bill at Pan-Pacific.

In other PCC action tonight, Oregon will host Idaho and Washington State will play USC.

In other PCC games Friday night, Washington took its third straight conference win by upsetting Idaho, 56-49, and Oregon State blasted a poor-shooting Oregon squad, 62-37.

As it stands now, UCLA leads the loop with a 6-1 record, followed by California 5-2, Oregon State 6-3, and Southern California and Idaho 5-3.

SAN FRANCISCO (AP)—Lew Hoad and Pancho Gonzales, who both love to rush the net and wear out their opponents, resume a 100-contest series here tonight with the blonde Aussie holding an 8-5 lead.

Ted Schroeder, former U. S. Davis Cup stalwart who now helps Jack Kramer run the professional tour, has predicted that a crowd of 8,000 will turn out at the Cow Palace for this first match in the United States phase of the junket.

Hoad took his three-game lead over Gonzales on grass courts in Australia and New Zealand. The big Californian figures that he will overhaul his young opponent now that they are back on hard courts.

Lew not only has beaten 29-year-old Gonzales four times straight in the series but also twice more in tournaments down under, giving him a record of six straight to date over the fireball server.

Pancho never has lost a tour in three years of campaigning but the Australian bettors have made Hoad a 6-5 favorite.

## Varsity Wins 50-46; Bees Explode, 55-32

By JOE HENDERSON JR.

Palm Springs Indians and Papooses swept their series with San Jacinto on the local floor Friday night, the Varsity winning 50 to 46 in a last half spurt and the Bees coming through to overtake San Jacinto after the visiting Bees had spent themselves in a first half try, 55-32.

In the first two quarters, San Jacinto controlled the game and was ahead one period, 7-5 and at the half were out in front 22-16.

COACH JIM WORKMAN'S boys came back strong in the second half and had pared the Bengals' lead to three points as the last period started.

In that final quarter, the Indians outscored the visitors 17 to 10 to win by four digits.

Stan Cirata paced the Indians with 15 points while Bob Jackson, second in Riverside County League scoring, meshed 10. Bob Roenicke, the visiting team's ace, was high man with 22 points.

THE PAPOOSE QUINTET took their game 55 to 32 with a fourth quarter rush.

San Jacinto kept it close for three periods and when the final quarter started, the local Bees were leading by only 29-23. In that final stanza, however, they boiled over for 26 points to San Jac's nine to win going away.

IN OTHER GAMES Friday night upsets were featured. Perris rared up and smacked Coachella, handing the Arabs their first defeat of the season in the Varsity ranks, by one point, 33-32.

In the Bee division, Beaumont's high-flying Cougar Babes were flattened in another close one by Hemet, 40-38.

Banning, just a game out of first place, comes here Tuesday night to meet the Indians.

## Halfway Around the World in 96½ Days

By PRISCILLA CHAFFEY

We feel a lot like that story James Thurber tells on himself when he was a novice reporter and came racing into his editor saying, "Gee, boss! This fire is such a tremendous story I just don't know how to begin!" His editor looked at him with mild interest and replied, "Just say the words."

Gran Canaria, one of the group of seven volcanic islands which form the Canaries, is on the largest of the group but is the most densely populated. Not that that is very dense. About 250,000 people live in the principal city, Las Palmas, and another 100,000 are distributed over the island which measures about 35 by 24 miles in area.

THE ISLAND is frequently referred to as the continent in miniature, for like the state of California, it has everything. Dramatic volcanic peaks, lush and fertile valleys, areas where the pines grow and dry, tawny sand dunes where only palms grow.

The residents are lyrical about the climate which attracts many British and European tourists in the winter but personally, this veteran of many a Palm Springs winter sits at this writing in warm, woolly pajamas, a heavy woolen bathrobe and a cashmere top coat. Not to mention rubber boots over the shoes to keep the feet warm. The hotels, even the best of them, seem to consider this a tropical climate and there is no heat.

EVERY TIME WE mention the weather, so far mostly cold and cloudy, we are told by our British hosts that it is most unusual, and can only be explained by the American atom bomb, what?

It's as good an excuse as any and has the additional virtue of putting us on the defensive. The official winter temperature is 62 to 70 but we haven't seen the thermometer over 55 and they hang it in the sun.

Even so, they are shipping tomatoes, over 90 thousand tons annually, and have been since early January. Bananas also being shipped at this writing, 125 tons annually. These go to England and the Continent and are the principal exports of the island. Some dates are grown, but not very impressive to one who has seen the

gardens of the Coachella Valley.

WHAT ASTOUNDS one and makes it hard to "say the words," is the incredible beauty of this island. Everywhere are fertile valleys sloping steeply down from the volcanic peaks. Tiny fields of winter wheat are a brilliant emerald and each is terraced with its own retaining wall of fine old stone work to keep the soil in and to hold the irrigation water.

These fields measure about 50 by 100 feet and the wheat growing on them is harvested by hand with a cycle for the family donkey. What plowing we have seen being done in the miniature peasant's fields is with a suitably shaped stick of wood.

STONE RESERVOIRS for retaining irrigation water dot the hill-sides and when the sun shines are as vivid a blue as any desert swimming pool. He is a wealthy man who owns a well and sells water to the farmers.

Irrigation ditches are all open stone flumes, miles of them zig-zagging back and forth and all beautifully made. There is lots of stone around here from island quarries but no metal and very little wood. Fireplace wood sells by the kilo, a hundred pounds for a dollar. That's 50 pesetas, which is a lot of money to a native.

THE TERRACED hill-sides growing grapes, tomatoes, corn and bananas are all covered with lava, ground up to a black, porous gravel. The hotel and villa gardens all have their dressing of lava over the heavy clay soil.

This, we hear, attracts the moisture from the air, of which there is certainly plenty at the present writing, and retains moisture in the soil. The official rainfall is seven inches per year and most of it falls during December and January, all same as Palm Springs.

THE VILLAGERS you see when driving around the island are more picturesque than anything we have seen in Mexico. The poorest little house is a job of beautiful masonry and has its roof of rosy Spanish tile. Ferns and vines grow in the soil collected between the tiles.

Pretty picturesque to American eyes.

The natives one meets along the narrow streets are dignified and more reserved than is typical of Mexico, but they are most courteous. It is the custom to exchange a greeting when passing. And the poorest people one meets may have mends and patches, but their clothing is neat and gives the impression of being very clean. Everything is clean. The meanest back alley is clean. The patios one glimpses through wrought iron gates are immaculate.

LIKELY LOOKING dames go sauntering along the country roads carrying huge baskets of flowers on their heads or anything else that needs carrying. We have seen many carrying a five gallon oil tin filled with water. Quite a load for a lady's head. The men do their carrying on the shoulder.

Next in the portage line are the donkeys loaded to the gills. We have yet to see one undernourished or abused. Then come the camels with their sneering and stubborn faces. They swing along with huge hampers loaded with produce for the warehouses of the port of Las Palmas. Not much trucking goes on around here, but the produce gets into the ships.

## Around Town

with Hildy Crawford

Luau time comes early this year . . . for starting next week . . . Thursday night will be luau night at El Mirador's South Pacific Room . . . George Kainapau, Songbird of the Islands, will preside at the festivities . . . with his lilting Hawaiian music weaving the spell of the tropics . . . There will be music and entertainment by the Island Serenaders . . . There will be authentic tropic drinks and an elaborate luau buffet . . . and it's a night for dressing polynesian, too . . . Look out the windows tonight . . . as you dance at the Golden Nugget Ball . . . and there glowing with light like a Shangri-La at the end of the garden . . . stands South Pacific Room . . . your date for Thursday night . . .

One of the winter's biggest dinner parties was the one given by the Ernest Alschuler last night at the Racquet Club . . . when they took over the main dining room and the Mural Room at the Club . . . It was the host's birthday party . . . and he was toasted in champagne and in song "Ernest-Lee" . . . and that's a barefaced play on the names of the two hosts . . . He's "Ernest" . . . and she "Lee" . . .

The Alschulers . . . who are Chicagoans . . . have been winter residents for many years and have lots of friends here in the Village who help celebrate this birthday every year . . . The crowd gathered in the Mural Room for cocktails . . . before dinner . . . Tables were decorated with flowers circling the candles . . . and each guest found a favor at his plate . . . a tiny flashlight . . .

The steak dinner started out with artichoke salad and wound up with birthday cake . . . There was dancing to the music of Teddy Noel and his orchestra . . . and Johnny and Tani Boyle entertained with songs . . .

Among their guests were their houseguests Mrs. Sanford Samuel and Murray Klauber, both of New York City . . . Also in the big crowd were Melba, Frank and Deedee Bennett . . . the Tom Hollands, Mr. and Mrs. Val Blatz, Maury Horners, Tom White . . . the Ash Levys, Nate Ohrbachs, Dr. George Kaplans . . . the Charles Farrells, Ruth Hardy, Evelyn Schiff, Dorothy Gray Brown, Irving Snyder, Marg and George Kanrich, Enor and Jack French the Frank Purcells, Sam Salingers . . . Co Thorntons, Veva Selig, Elsinore Machris, John Haskell . . . David Margolis, George Olmans, Julian Livingston and many more . . .

The Raymond Loewys are in residence at their Panorama Road home . . . and expect to be here for five or six weeks . . . I saw him in the new J. W. Robinson store the other day . . . inspecting it critically to see how his plans worked out (he designed it) . . . I asked how he liked it and he said modestly . . . that it seemed to have turned out all right . . . I say he's modest . . . because I think the store's beautiful . . .

A telegram from Oliver and Frankie Jaynes conveys the exciting news that they are the grandparents of twins . . . a boy and a girl . . . born to the John Opels on February 5 at the DePaul Hospital in Norfolk, Virginia . . . Mother of the twins is the former Janet Jaynes . . . and this makes the Opels three children . . . as they have a year-old daughter Mary Catherine . . . Frankie wires "everybody well and happy . . . miss Palm Springs and all our friends there very much" . . .

Mrs. Herbert Stern is here from Chicago to spend the winter at her home on Vereda Sur . . . Her contemporary novel "The Midas Touch" is just appearing on the bookstands . . . She writes under the name of Lucille Stern . . . Mrs. Stern is a friend of Dolly Marcuse . . . and tells me that Dolly has gone back to Chicago and is in the Passavant Hospital there . . .

The Burt McGovern's are back from the east . . . and settled down for the rest of the winter . . . During the month they were away . . . they were in Washington, D. C. on business . . . and in New York . . . where they saw all the shows and attended the Seattle reception at the Ritz-Carlton . . .

Helen Kenaston tells me that Dorothy Belle and Doug Kenaston . . . are back on the mainland and settled at Laguna . . . They've been in Honolulu so long we thought we'd lost them to the Islands . . .

'Great Sebastians' Next Production at Playhouse

Palm Springs Playhouse will present "The Great Sebastians" February 11th through the 16th with the Hungarian star, Stephen Bekassy playing the role of Rudi Sebastian and Marrian Walters taking the part of Essie his nimble minded and beautiful wife. First produced two years ago with Alfred Lunt and Lynn Fontanne in the leading roles, this fast paced melodramatic comedy, laid on the continent, is by Howard Lindsay and Russel Crouse. It tells the story of two popular entertainers in the field of mind reading, called upon to do some fast signaling to save their lives.

The fact that the audience is drawn into the act heightens the interest of this sophisticated play with theater goers and at the same time creates some amusing situations.

Bekassy's theatre background, in addition to his polished Continental manner, makes him the perfect choice for Rudi in "The Great Sebastians." Palm Springs Playhouse offering February 11 through the 16th.

Son of a prominent Hungarian newspaperman, he was being groomed for a career in medicine. However, this ambition was not completely shared by son Stephen, who finally made a wager

Writers Guild Holds Workshop At Gibeon Home

Mr. and Mrs. Eric H. Gibeon recently hosted The Writers' Guild Workshop of Desert Art Center at their residence, 21 Desert Braemar, Highway 111, at which time the non-profit group was privileged to view a number of paintings and etchings, the work of the host.

Participants reviewing their prose works were the hostess, Meta Gibeon, Harriett Farnsworth, Gladys Bassin, Christine Weatherholt, Gy Nixon and Merle Guise with stories by Vera Jones and Ruth McCoy held over in conference. Clara Spannagle read poetic prose, and Rose Powell clever verse. Members sitting in were Estelle Yerkes Sally M Sweet, Palm Springs; Dean Floyd, Morongo Valley; Esther Morryson, Desert Hot Springs, and Lilian Crane, Cathedral City. Esther Ann Neder, Indio, Christine Hill, Tramview, Margie Perrigue and Helen Guise of Palm Springs were guests.

George N. and Madril L. J. Anderson, co-directors of the workshop, distributed columns from The Daily Desert Sun (Hildy Phat and Delaplane) as examples of "that certain knowhow combining punch with humor which is so necessary to good writing." They also suggested that authors working on first books of the "homey" type slant for reading club selections. References of publishing houses were given listed as on the lookout for such books by young authors.

Seattleites Entertain At The Oasis

With a goodly representation of Seattleites now in Palm Springs, and such a big crowd back for their annual winter stay at Oasis Hotel, Mrs. Edward Cunningham chose that spot to give the surprise party for her husband on his birthday Thursday evening. The Cunninghams, also of Seattle, have a home on Chino Canyon Drive, but spend much time at the Oasis visiting other Seattle friends.

At the surprise birthday celebration were the following from Seattle, now residing at the Oasis: Messrs. and Mmes. U. M. Dickey, Grinnell Burt, Charles Black, W. G. McClaren, Harry Ross, and Dewey W. Metzdorf who is managing director of the hotel and formerly lived in Seattle many years.

Others invited to wish the honoree a "Happy Birthday" were Mr. and Mrs. L. B. McDonnell, of San Francisco, who are spending their usual several months at the hotel; Mrs. R. E. Watkins, of Portland, who comes south each winter for an extended stay; Mrs. Jack Schlendorff, of Ohio, who has been there since early November, and Mrs. Ward Magill, who just arrived for her annual stay from Wichita, Kansas.

Induct Three Into Membership

Three new members were inducted into Soroptimist International of Palm Springs at the weekly luncheon meeting held Tuesday at the Biltmore Hotel, with Madge Holderman as chairman.

Welcomed to membership were Jewel Locke, Eleanor Janulis and Pearl Millasich.

Lora Doss, president of Soroptimist International in Twin Falls, Idaho, Bertha Breit of the Woodland, California club, and Aurora Dufour of the Miracle Mile Club in Los Angeles were guests.

Plans were completed for the rummage sale to be held February 22, at 343 Indian Avenue. Anyone wishing to contribute articles for the rummage sale is asked to call FA 5-5308 or FA 4-2041 and arrangements will be made to pick up donations. Proceeds from the sale are to be used in the Club's Service Fund.

The next weekly luncheon, February 11, will be a Valentine Party for members and their guests.

To keep egg yolks fresh for several days, cover them with cold water and store in the refrigerator.

Ex-Actress to Address Luncheon

Mrs. Louis H. Evans Jr. will speak on "What Would Jesus Do?" at the Birthday Luncheon for the Women's Association of the Palm Springs Community Church, Tuesday, February 11 at 12:30 p.m. The program, with Mrs. Evans speaking, will be held in the Sanctuary at 1:45 p.m.

Mrs. Evans is the former talented Coleen Townsend, who gave up a brilliant movie career to become the wife of Rev. Louis H. Evans Jr., pastor of the Bel-Air Presbyterian Church, Bel-Air. Mrs. Evans is radiantly happy in her role of pastor's wife and mother of three children and also finds time to appear on the "Faith of Our Children" Sunday afternoon TV broadcasts. Mrs. Evans and four other women rotate with each other, giving two Sundays at a time to appear on this program that has been enjoyed by children and adults alike.

Due to advance demand, the luncheon reservations have been closed. However, an invitation is extended to all those women in the village who were not able to obtain a reservation for the luncheon to meet with the Women's Association in the church sanctuary at 1:45 p.m. The program will begin with organ meditations by Mrs. W. H. Westby, who will play two numbers from the Suite Gothique by L. Boellmann, "Coral and Menuet Gothique;" Mrs. Paul Kellerbloch will bring the devotions, and Edward Lyman Jr., well known talented tenor soprano will be the guest soloist. Mr. Lyman is here from his home in New York to sing the leading tenor role in the Indio Date Festival Pageant for the second year.

FORMER ACTRESS now the wife of a minister, Mrs. Louis H. Evans Jr. will be the speaker when the Women's Association of the Community Church holds its Birthday Luncheon on February 11.

## Welwood Murray Library Records Record Year

Palm Springs bookworms are reading more than ever, said library officials who today recorded the busiest year in the history of the Welwood Murray Memorial Library.

Librarian Dorothy Bear said that Villagers borrowed a grand total of 137,605 volumes during 1957 and ended their readingist year by checking out 12,900 books in the month of December.

**THE LIBRARY** reported that 123,616 books were loaned out in 1956, and 11,296 were borrowed in December of that year.

Junior bookworms, too, enjoyed a solid year of reading, checking out 2,684 volumes from the children's room during the 12 months of 1957. They borrowed 2,500 books in 1956.

**THE LIBRARY** branch at 1146 South Palm Canyon Drive also noted an increase in Village reading habits in 1957. The branch loaned 4,943 volumes last year, as compared with 3,121 in 1956.

In the first month of 1958, the Welwood Murray library counted 13,603 book borrowers. The total for January, 1957 was 13,407.

## Forest Blake Services Set For Monday

Funeral services will be held Monday at 10 a.m. from Wiefels and Son Chapel for Forest C. Blake, 69, of Thousand Palms, who died at his home Thursday of cancer. He had been ill for three and a half years.

A native of Ohio, he will be returned to Lima, Ohio, for interment.

Blake had been a resident of Thousand Palms for one year, and of Los Angeles for 25 years, and was a retired salesman for Park and Tilford Sales.

He is survived by his widow, Jane M. Blake; two sons, Robert Blake of Altadena and Thomas Blake of La Mirada; two brothers, James Blake of Gardena and Perl Blake of Ohio; one sister, Ruth Johnson of Chicago, and six grandchildren.

The family has asked that flowers be omitted, and that instead donations may be given to cancer research.

The Rev. William A. Blondon, pastor of St. Paul's in the Desert, will officiate at the services Monday.

## Visitors Find Weather Radio

DESERT HOT SPRINGS — An Army Signal Corps radio and its supporting balloon were found in the Sun Valley area, southeast of Desert Hot Springs.

The radio and remnants of the balloon, believed to be used for transmitting high altitude weather data, were found by Mr. and Mrs. William M. Richards, visitors here from Bellflower.

Apparently undamaged by its fall, the radio was taken to the Banning sheriff's sub-station.
